Milo always felt excited when it was time to go to work. He didn't have any old ordinary job, after all. Milo had a super interesting job as a historian.

He spent his days in libraries worldwide, tucked away between the dusty bookshelves. Here, Milo studied ancient timepieces. Every time-related artefact had thousands of years' worth of stories to tell!

Milo was fascinated by all parts of time-history. But nothing intrigued him more than the Astronomical Clock in Prague. Legend said it was not just a clock, but a gateway to the past. Milo was determined to turn that legend into truth.
