

INCLUDED RESOURCE 1

STRANDED! — Lord of the Flies

A two-day survival simulation about leadership, rules, fear, cooperation, and group dynamics.

WHAT STUDENTS DO

- Build an island society using limited survival resources
- Decide how leadership and everyday decisions will work
- Establish rules and consequences before trouble begins
- Respond to unexpected island events
- See whether their system remains stable, becomes fragile, or collapses

THE LITERARY PAYOFF

Students enter *Lord of the Flies* already having argued about power, rules, cooperation, fear, and what happens when a society is tested.
