CRAFT DIRECTIONS

Directions:

Note: There are multiple ways to create this craft.

1) Color and cut:

Students can color and cut out the main world craft piece.

2) Select craft pieces:

Next, students can choose a craft piece from each country.

3) Color, cut, and glue:

Color, cut, and glue (or tape/staple) the craft pieces onto the main world craft piece. Each small piece can be attached to the outer part of the world creating a circle shape.

4) Add a reader: (optional)

Students can color and read each page. Then, cut out each page and glue or staple the pages together, using the main world piece as a cover page.

(Note: Readers are differentiated. Please select the most appropriate reader for each student's needs.)

5) Add a writing project: (optional)

Students can be assigned a writing project that helps demonstrate what they have learned or researched about each country. They can use the brainstorming sheet and vocabulary sheets to assist in the writing process.

(Note: Writing projects are differentiated. Please select the most appropriate project for each student's needs.)
