HOW TO USE

Skateboards and scooters are both fun ways to travel, but they have many key differences.

1. Underline the main idea
2. Find and circle keywords
3. Finish the paragraph by adding in facts and elaboration.

These differences show that skateboards and scooters offer two very unique ways to ride.

FOR IDEA ELABORATION PRACTICE

Our planet needs help, and schools can do their part. I think every classroom should have recycling bins.

Exercise helps kids stay strong and happy. I believe we should have PE every day at school.

When students recycle, they help the Earth and learn to care for it. Small actions make a big difference.

Moving our bodies helps our brains, too. Daily PE would make students healthier and ready to learn.
